

Information for Guests

Welcome to the Bunkhouse!

The main house, 8 stall barn including tack room, and pastures are yours to use during your visit. The small cabin at the entrance gate is not currently being rented and should remain locked. The workshop behind the main house is for the owners' use only. The master bedroom/bath closet and three locked cabinets next to the refrigerator are also for owners use only.

- You will need to supply your own bed linens, towels, paper products. We have 1 King, 1 Queen, 2 single beds and 2 full baths. Washer and dryer are available. Be sure water supply to washer is turned on at wall supply behind washer. Turn off at check out.
- The main pasture (in front of the house and beside barn) and lower pasture (along driveway) have "hot wire" but all gates can be used safely. Main pasture circuit breaker is in tack room in case of emergency. Lower pasture is solar powered and can be switched off at panel beside top gate.
- Paddocks behind barn and workshop are not electrified.
- Horses have access to the creek in lower pasture.
- Frost-free faucets are located at barn, in side yard, at back door of house, and at workshop.
- Instructions for satellite TV and DVD are written on remote control.
- The gas logs instructions are located on the fireplace hearth.
- Prior to check-out, please muck the barn and grounds using the muck buckets found under the barn overhang, and place them outside barn door. Leave bagged household garbage outside the backdoor. Please clean kitchen, bathrooms, vacuum house, and put away clean dishes to avoid \$75 housekeeping fee being added to your credit card. If you prefer, you may pay \$75 for cleaning services at the Iron Mountain Tack Shop prior to check-out.
- Flea-less, housebroken dogs are welcome inside at night.
- Please, no smoking in house or barn.

We are closely associated with Danny and Sheila Odom, the owner/operators of Iron Mountain Horse Camp located at the Arrowhead Drive entrance off of VA 602.

Their hilltop home can be seen beyond our barn. If you have not done so already, please visit them at the Tack Shop located in the center of Iron Mountain Horse Camp. They have a wealth of local information especially regarding the trails available to you. Their staff attends to our barn and grounds, so they are very receptive to any needs you may have during your stay. Iron Mountain Horse Camp: 276-744-2168

Bunkhouse phone: 276-744-3550

Numbers we hope you don't need!

Vet:

Wythe County Animal Clinic
